The Reger Group Celebrates L-3/MPRI and Piton Science and Technology Contract Awards

(Stafford, VA) September 10, 2010 - The Contracting Office for the Army Training and Doctrine Command's Maneuver Support Center at Fort Leonard Wood, MO made awards to Advancia, Battelle Memorial Institute, BRTRC, Charles F. Day and Associates, Innovative Emergency Management Inc., L-3/MPRI, Piton Science and Technology, and Summit Technologies with a ceiling capacity of \$100M. The contract is for one base year plus four one-year options. The Reger Group is proud to be a member of the winning L-3/MPRI team for the full and open competition category and the Piton Science and Technology Team for the small business set-aside category of this contract award.

The Reger Group:

Established in December 2000, The Reger Group (REGER) is a family owned, diversified business dedicated to providing Rapid Support services in complex and unpredictable environments for the national security sector. Company services include adaptive training, government rapid acquisition, technology assessment and integration, international program support, modeling & simulation, and innovative business solutions.
